# Overview

Project Introduction: Kheti – A One-Stop Solution for Farmers in India

01

Kheti is a comprehensive app designed to empower Indian farmers by providing essential resources in one place

It offers real-time weather updates, crop management tips, market prices, and access to government schemes.

02

03

The app fosters knowledge-sharing between farmers and experts, aiming to boost productivity, increase profits, and promote sustainable farming practices

By centralizing crucial information, Kheti simplifies decision-making, helping farmers improve yields and adapt to challenges more effectively.

04

# Objectives

Clarify the project's overall objectives and goals.

## Objective 01

To help farmers learn about getting good quality seeds, fertilizers, tractors, profits etc.

## Objective 02

One stop place for getting info

## Objective 03

To get fair deals

## Objective 04

To make farmers' efforts worth it

# Target Audience

*Farmers*

# GOALS

# Goals

We plan on revolutionizing farming to the point where people will actually consider farming a profession and farmer suicides will go down

**1st Quarter**  
better quality of life

**2nd Quarter**  
reduction in farmer suicides

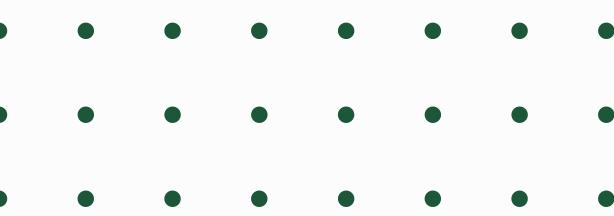

**3rd Quarter**  
Access to almost all software

**4th Quarter**  
self sufficient farmers

## Our Team
